

Solenoid directional valves type DPHL

piloted, spool type

Spool type, pilot operated directional solenoid valves available in 4/3, 4/2, 3/2 way versions.

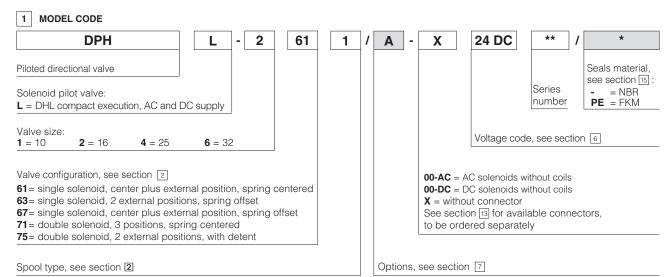

They are operated by a directional valve ① type DHL (see tech. table E018) equipped with compact solenoids for AC or DC power supply.

Spools ② are fully interchangeable and they are available in a wide range of hydraulic configurations.

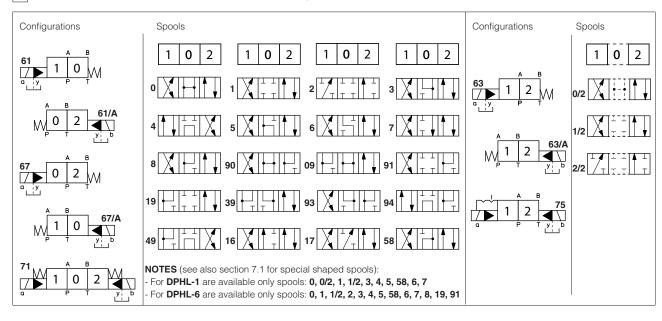

The valve body is made by shell-moulding castings ③ with wide internal passages ensuring low pressure drops.

Mounting surface: **ISO 4401 size 10, 16, 25, 32** Max flow: **160, 300, 700, 1000 l/min**

Max pressure: 350 bar

⁽¹⁾ Coil can be supplied also with 60 Hz of voltage frequency: in this case the performances are reduced by 10÷15% and the power consumption is 55 VA

 ⁽²⁾ Average values based on tests performed at nominal hydraulic condition and ambient/coil temperature of 20°C.
 (3) When solenoid is energized, the inrush current is approx 3 times the holding current. Inrush current values correspond to a power consumption of about 150 VA.

7 OPTIONS

- 1) For configuration 75, times of switching ON and switching OFF are the same: this value is equal to time of switch ON of configuration 63.
- 2) TEST CONDITIONS
 - Nominal voltage supply DC (direct) and AC (alternating) with connector type SP-666. The use of other connectors can affect the switching time;
 - 2 bar of counter pressure on port T; mineral oil: ISO VG 46 at 50°C
- 3) The response time is affected by elasticity of the hydraulic circuit, by variation of hydraulic characteristics and temperature.

12 PLUGS LOCATION FOR PILOT/DRAIN CHANNELS

Depending on the position of internal plugs, different pilot/drain configurations can be obtained as shown below. To modify the pilot/drain configuration, proper plugs must only be interchanged. The plugs have to be sealed using loctite 270. Standard valves configuration provides internal pilot and external drain

Internal piloting: blinded plug SP-X300F ① in X; plug SP-X310F ② in Pp;

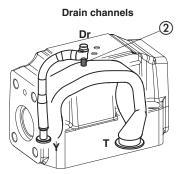

External piloting: blinded plug SP-X300F @ in Pp;
